

Green Collar Training

GATESHEAD COLLEGE

To acquire the new skills needed to work in varying parts of the future manufacturing processes within Nissan, their suppliers and other manufacturing companies in the region.

Learning

- Understanding the future of manufacturing including the build of electric vehicles
- Lean manufacturing techniques
- Environmental and climate change
- Selection criteria training
- Health and Safety at work
- Hand skills
 - Welding techniques
 - Use of robotics
 - Manufacturing assembly skills
 - Modern painting process techniques

On the completion of the 5 week training course candidates may have the opportunity to undertake further training which is accredited to nationally recognised qualifications.

The training will be delivered at the Green Collar Manufacturing Training Centre situated within Nissan's Sunderland plant.

The training is provided free of charge to all unemployed people.

Any protective clothing required is also provided free of charge.

Successful completion of the programme will guarantee fast track entry into the Nissan selection process.

If you are interested in this training please contact the dedicated Jobcentre Plus Recruitment Line on 0191 382 4115 or 0191 382 4178 between 10am - 3.30pm Monday to Friday for more information on how to enrol.
